Call-Em-All

Automated Messaging Service

The Minnesota State Academies will use the “Call-Em-All” automated calling and text messaging service as the perfect solution to our communication needs. With just one phone call or text message, we can easily notify parents, teachers, students, transportation companies, etc.

All MSA parents are asked to fill out this form so all can be quickly notified if the need arises. You must enter the phone number you prefer. If we do not receive a form from you, a voice message will be sent to the primary phone number listed in our student directory.

Any emergency or urgent information will be sent to you either by voice message or text message. **Please choose only one – voice or text.** If you choose text you will receive an email/text message with instructions on how to subscribe to *Call-Em-All*.

In signing this form, I agree that any cost to my personal phone bill is my responsibility and not that of the Minnesota State Academies.

Student's Name: _____

Parent's Name: _____

Please call this number to leave a message or send a text :
